Radio Maria England

We have a new Catholic radio station in England. Radio Maria is the world's biggest Catholic Radio Station and has been working around the world for decades. It has now come, at last, to England. This means that the prayers and masses are in English, and that many of the stories and articles on the station are local to England, as well as information about the Church worldwide. You can find it online by Googling Radio Maria England and clicking the link.

Plastic Free July How are you getting on? Are you making progress with getting rid of single use plastic in your life? Here are some more simple suggestions: The Refill App: download this free app to find places where you can refill your own containers and save lots of plastic. Buy milk in bottles: Buy your milk in reusable glass bottles instead of plastic bottles or cartons. There are two farms here in Saddleworth that deliver their own milk in glass bottles. Reuse your jam jars: They are perfect for making quick salad dressing, or for storing a variety of food items in your fridge or freezer. Don't bin soft plastic bags: Reuse bread and cereal bags as sandwich or freezer bags. Use them as small bin liners. Check your tea bags: Many tea bags contain plastic and come wrapped in plastic. Avoid this by buying boxes of tea bags or switch to loose-leaf tea. Read carefully the small print on the boxes. Keep it simple and manageable. We don't need a handful of people doing zero waste but millions of people doing what they can to live a less plastic life. For more ideas head to everydayplastic.org
